Klein in the Context of Jung's Self

28th November 2026

Note from Susan Mizen:

I can see that in a previous seminar the trainees will have discussed Fordham in the Context of Jung's Self. It would be very helpful if they could look at:

Michael Fordham Defences of the self (1974). Journal of Analytical Psychology, 19(2):192-199

Before my seminar.
From a Kleinian perspective could they read from Sex, Death and the Superego (Ron Britton)
Chapter 10 Narcissism and Narcissistic Disorders
and
Chapter 11 Narcissistic problems in sharing space.
These chapters are quite short

I have also attached a copy of my paper Self and Alien Self in psyche and soma which I would like to discuss with them as it offers a critique of both Kleinian and Jungian accounts of the self.

Best wishes
